skyZIP® shade systems

Shade solutions to expand your world

skyZIP® is the ultimate horizontal shading solution. Designed as a shade solution for pergolas, skylights and glass roof enclosures, its versatile design offers practical solutions for endless applications.

Offering spans up to 5.5m x 4m, or 4m x 5.5m*, its zip-retained system delivers low-maintenance shade control.

Available in endless custom powder-coated finishes, skyZIP® complements almost any fabric selection.

Defined by a clean, linear and sleek design, skyZIP® will expand your world.

5 YEAR WARRANTY Terms & Conditions apply

* Larger size options pending.

Custom colours available

Use your imagination with any colour available. High-performance coatings to last a lifetime.

Linx® Automation

Take the next step in controlling your space

ADAPTABLE SHADE

The Linx® Hub is the foundation of your Linx® Automation system. With both WiFi and a LAN connection, the Linx® Hub seamlessly integrates with a variety of home automation systems to unlock the luxury of smart shade control.

LINX MOTION APP

Designed to work in conjunction with the range of Linx® Hub options, Linx Motion is effortless control at your fingertips. Group your shades by room or scene, establish custom schedules and set times for convenient and efficient shade solutions.

Linx® Automation is also compatible with phone control apps like IFTTT enabled options for both IOS and Android smart phones and devices.

VOICE ACTIVATION

Take it to the next level and use your voice to control your living environment. Paired with the Linx® Hub, operate your shades via proprietary automation systems like Apple Siri, Google Home Assistant and Amazon Alexa.
